Apr 25	Data Analysis	Modification Project
May 2	Course Evaluations	Method Section (Morris Water Maze)

**Grading:**

An APA paper is required for both the Taste Aversion Experiment and the Stress Induced Analgesia Experiment. The paper is due at the beginning of class. Late papers are reduced a letter grade per day that they are late.

Quizzes will be given immediately at the beginning of class on their assigned dates. Quizzes cannot be made up so **DON'T BE LATE** because you will be given no more than 15 minutes to complete the quiz.

This syllabus is subject to change so missed classes should be followed up by discussion with classmates on what was covered and possible changes.

I am more than willing and available to discuss problems/questions/concerns regarding any material, but will **NOT** discuss major theoretical/methodological, etc. questions within three days prior to due date. This means that papers should not be put off until the last minute.

**Points:**

100 pts	Taste Aversion Paper
20 pts	Taste Aversion Rough Draft
10 pts	Position Paper
120 pts	Stress Induced Analgesia Paper
15 pts	Method Section - Morris Water Maze
